

Smoltek has applied for delisting from Spotlight Stock Market to switch to Nordic Growth Market

This press release is an English version of the previously published Swedish version, which has interpretive precedence.

Smoltek Nanotech Holding AB (publ) (“Smoltek” or the “Company”) announces that an application for the delisting of all the Company’s financial instruments from Spotlight Stock Market has been submitted today. Smoltek has previously applied for, and been approved for, listing on the Nordic Growth Market (NGM).

Smoltek has today submitted an application for delisting from Spotlight Stock Market. The application has been approved, and the final day of trading on Spotlight Stock Market will be Friday, October 23, 2026. As of Monday, October 26, trading in all of Smoltek’s financial instruments will commence on the Nordic Growth Market (NGM).

Shareholders in Smoltek do not need to take any action in connection with this change of marketplace.

Smoltek Nanotech Holding is a public technology company that provides a technology that enables the production of conductive nanostructures on various materials. The company's technology multiplies the actual surface area for electrical and chemical processes and can be used in several industrial sectors. Customers are found in semiconductors and the global process industry. The products that the company develops are used as infrastructure components for stable power supply microchips and as electrodes and surface structures in equipment for the production and use of fossil-free hydrogen. The company protects its unique carbon nanotechnology through an extensive patent portfolio. Smoltek's share is listed on the Spotlight Stock Market under the ticker SMOL. Smoltek is a development company and forward-looking statements regarding time to market, production volume and price levels should be interpreted as forecasts and not commitments.
