Press release Smoltek Nanotech Holding AB (publ)

2026-11-05

This press release is an English version of the previously published Swedish version, which has interpretive precedence.

Correction: Smoltek Nanotech Holding AB (publ) interim report Q3 2026

Smoltek Nanotech Holding AB (publ) (“Smoltek” or “the Company”) announces that in the press release published on 2026-11-05 regarding the interim report for January–September 2026, the following has been corrected to align with the interim report.

- Cash flow from operating activities for the third quarter was SEK -15,404 (–8,244) thousand. The figures previously stated, SEK –10,952 (–19,472) thousand, referred to the period January–September.
- Cash and cash equivalents amounted to SEK 45,591 thousand. This was previously stated as SEK 45,491 thousand.
- Earnings per share of SEK -0.04 (-0.04) refers to the third quarter, not the second quarter as stated in the press release.

The interim report is unchanged. The correction applies only to the press release.

Smoltek Nanotech Holding is a public technology company that provides a technology that enables the production of conductive nanostructures on various materials. The company's technology multiplies the actual surface area for electrical and chemical processes and can be used in several industrial sectors. Customers are found in semiconductors and the global process industry. The products that the company develops are used as infrastructure components for stable power supply to microchips as well as electrodes and coating of surface structures in applications for the production and use of fossil-free hydrogen. The company protects its carbon nanotechnology through an extensive patent portfolio. Smoltek’s shares are listed on the Nordic Growth Market (NGM) under the ticker symbol SMOL. Smoltek is a development company and forward-looking statements regarding time to market, production volume and price levels should be interpreted as forecasts and not commitments.
