

# Contract for CSV Normand Vision with Havfram AS

Solstad Offshore ASA has been awarded a contract with Havfram AS (former Ocean Installer AS) for the CSV Normand Vision. The contract will commence in direct continuation of present agreement in place between the parties. The firm period of the contracts covers the majority of 2022 with options for further extensions.

Normand Vision is a high capacity Construction Vessel designed and built for installation of Subsea Structures, Umbilicals, Risers and Flowlines (SURF).
