#### **IMPORTANT NOTICE**

The information in this press release does not contain or constitute an offer to acquire, subscribe or otherwise trade in shares or other securities in Midsona. No action has been taken and measures will not be taken to permit a public offering in any jurisdictions other than Sweden. Any invitation to the persons concerned to subscribe for shares in Midsona will only be made through the prospectus that Midsona estimates to publish on or about 5 November 2019.

The information in this press release may not be released, published or distributed, directly or indirectly, in or into the United States (including its territories and provinces, every state in the United States and the District of Columbia, ("United States")), Australia, Canada, Hong Kong, Japan, New Zealand, Singapore, South Africa, Switzerland or any other jurisdiction in which such action would be unlawful, is subject to legal restrictions or would require other measures than those required by Swedish law. Actions in violation of these restrictions may constitute a violation of applicable securities laws.

No subscription rights, paid-up subscription shares (Sw: betald tecknad aktie), or new shares issued in Midsona have been registered, and no shares or other securities will be registered, under the United States Securities Act of 1933 or the securities legislation of any state or other jurisdiction in the United States and no shares or other securities may be offered, subscribed for, exercised, pledged, sold, resold, allocated, delivered or otherwise transferred, directly or indirectly, in or into the United States, except pursuant to an applicable exemption accepted by Midsona. No public offering will be made in the United States.

This press release may contain forward-looking statements which reflect Midsonas's current view on future events and financial and operational development. Words such as "intend", "expect", "anticipate", "may", "believe", "plan", "estimate" and other expressions which imply indications or predictions of future development or trends, and which are not based on historical facts, are intended to identify forward-looking statements. Forward-looking statements inherently involve both known and unknown risks and uncertainties as they depend on future events and circumstances. Forward-looking statements do not guarantee future results or development and the actual outcome could differ materially from the forward-looking statements.
