### **About Freetrailer Group A/S**

Freetrailer was founded in 2004 with a simple idea: to make it easy to borrow a trailer when you need one. Today we operate an international platform that connects partners and users and makes local transport more accessible.

Freetrailer is Europe's leading sharing-based solution for the rental of trailers and electric cargo bikes. The platform has been expanded with additional rental products tailored to local needs. With a self-service app and digital locking systems, we create flexibility where it delivers the most value.

Our rental units also function as mobile advertising surfaces in urban environments,

creating visibility for our partners - close to their customers. This makes Freetrailer an effective combination of transport and local marketing.

With the Mont Blanc 2027 strategy plan, we have set the direction for the coming years with a focus on user experience, partnerships and technological development.

Freetrailer Group A/S was listed on Spotlight Stock Market in 2018.
