Comment from the Group CEO

Thomas Zeihlund, Group CEO of Freetrailer Group A/S, states:

“In April, Freetrailer continues its strong growth with a 26.1% increase in the number of rentals and progress across all markets. This development is supported by a growing and more active user base, as well as strong partnerships, where Freetrailer is becoming increasingly integrated into partners’ customer offerings.

The number of rental units is growing strongly, while the number of units in production is at a historically high level. We maintain a close dialogue with our trailer manufacturers to increase production in order to better match the rapid expansion in partnerships.

Our focus remains on strong operational execution, a simple and reliable customer experience, and disciplined scaling of the business.”

About Freetrailer Group A/S

Freetrailer was founded in 2004 with a simple idea: to make it easy to borrow a trailer whenever you need one. Today, we operate an international platform that connects partners and users and makes local transport more accessible.

Freetrailer is Europe’s leading sharing-based solution for the rental of trailers and electric cargo bikes. The platform has been expanded with additional rental products tailored to local needs. Through a self-service app and digital locking systems, we create flexibility where it delivers the greatest value.

At the same time, our rental units function as mobile advertising spaces in the urban environment, creating visibility for our partners close to their customers. This makes Freetrailer an effective combination of transport and local marketing.

Freetrailer Group A/S was listed on Spotlight Stock Market in 2018.
