Traffic figures August 2026: Freetrailer increases the number of rentals by 16.2% compared with August last year

Comment from the Group CEO

Thomas Zeihlund, Group CEO of Freetrailer Group, comments:

“August continues the strong development at Freetrailer, with almost 200,000 rentals during the month, 16.2% more than last year. In just two months, we have deployed 553 new rental products, bringing our total fleet to 7,821 products, an increase of 30.6% compared with the same time last year.

When we add this many new products in such a short period of time, it will naturally affect the rental frequency while the new products and locations are being phased in. This represents a significant expansion of our capacity and provides an important foundation for continued growth.

With a further 811 products in production, we continue to expand our network at a high pace. This puts us in a strong position to continue scaling Freetrailer across our markets.”

About Freetrailer Group A/S

Freetrailer was founded in 2004 with a simple idea: to make it easy to borrow a trailer whenever you need one. Today, we operate an international platform that connects partners and users and makes local transport more accessible.

Freetrailer is Europe's leading sharing-based solution for the rental of trailers and electric cargo bikes. The platform has been expanded with additional rental products tailored to local needs. Through a self-service app and digital locking systems, we create flexibility where it delivers the greatest value.

At the same time, our rental units function as mobile advertising spaces in the urban environment, creating visibility for our partners close to their customers. This makes Freetrailer an effective combination of transport and local marketing.

Freetrailer Group A/S was listed on Spotlight Stock Market in 2018.
