About Freetrailer Group A/S

Freetrailer was founded in 2004 with a simple idea: to make it easy to borrow a trailer whenever you need one. Today, we operate an international platform connecting partners and users, making local transportation more accessible.

Freetrailer is Europe's leading sharing-based rental solution for trailers and electric cargo bikes. The platform has expanded to include additional rental products adapted to local needs. Through a self-service app and digital locking systems, we create flexibility where it delivers the greatest value.

At the same time, our rental units serve as mobile advertising spaces in the urban environment, generating visibility for our partners close to their customers. This makes Freetrailer an effective combination of transportation and local marketing.

In September 2026, Freetrailer launched Free to GROW, the company's strategy towards 2030. The strategy aims to make Freetrailer the natural choice for everyday transportation needs, with the overall ambition of reaching 5 million annual rentals by 2030.

Freetrailer Group A/S was listed on Spotlight Stock Market in 2018.
