## About Freetrailer Group A/S

Freetrailer was founded in 2004 with a simple idea: to make it easy to borrow a trailer when you need one. Today, we operate an international platform connecting partners and users, making local transport more accessible.

Freetrailer is Europe's leading sharing based solution for trailer and electric cargo bike rentals. The platform has been expanded to include additional rental products adapted to local needs. Through a self service app and digital locking systems, we create flexibility where it delivers the greatest value. Our rental units also serve as mobile advertising spaces in urban areas, creating visibility for our partners close to their customers. This makes Freetrailer an effective combination of transport and local marketing.

In September 2026, Freetrailer launched Free to GROW, the company's strategy towards 2030. The strategy aims to make Freetrailer the natural choice whenever everyday transport needs arise, with an overall ambition to reach 5 million annual rentals by 2030.

Freetrailer Group A/S was listed on Spotlight Stock Market in 2018.
