

Elos Medtech – Annual Report and Sustainability Report for 2017 published

Elos Medtech AB's Swedish language Annual Report for 2017, as well as the English language Sustainability Report for 2017, have today been published on our website, www.elosmedtech.com

The Annual Report for 2017 can be found under IR and Financial reports. The Sustainability Report for 2017 is published under About Us and Sustainability.

In the report, Elos Medtech clarifies its responsibilities for sustainability and highlights the year's most important initiatives in connection with the first publication of its Sustainability Report in 2017. This means, among other things, that the reader is primarily referred to the online version of both the Annual Report and Sustainability Report for 2017. In doing so, we have made a significant reduction to the number of printed copies of the reports, thereby increasing our contribution to a more sustainable environment.

Gothenburg, April 3, 2018
