

## Neonode and Finetek Sign Collaboration Agreement

**Stockholm, Sweden – April 15, 2019** –Neonode Inc., (NASDAQ: NEON), the optical sensing technology company, today announced that the company has signed a collaboration agreement with Finetek Co. Ltd. of Korea. According to the terms of the agreement Finetek will serve as a system integrator and future electronic manufacturing partner for Neonode zForce® technology.

As an automotive-certified integration partner, Finetek will expand the business opportunities for Neonode's technology platforms, namely, integrated touch solutions and sensor modules, in both the automotive and consumer product categories.

"I am very happy about the cooperation with Finetek. This agreement greatly expands our technology reach in Asia and beyond, offering manufacturing that meets the requirements for automotive certification and consumer grade applications," said Håkan Persson, CEO at Neonode.

Finetek CEO Kang Won-Il, said: "We are seeing increased interest from our automotive and home appliance manufacturing customers in touch and gesture user interaction. We look forward to working together with Neonode to deliver Neonode's innovative technology to both established and new customers."

#### About Neonode

Neonode Inc. (NASDAQ:NEON) develops, manufactures and sells advanced sensor modules based on the company's proprietary zForce AIR technology. Neonode zForce AIR Sensor Modules enable touch interaction, mid-air interaction and object sensing and are ideal for integration in a wide range of applications within the automotive, consumer electronics, medical, robotics and other markets. The company also develops and licenses user interfaces and optical interactive touch solutions based on its zForce CORE technology. To date, Neonode's technology has been deployed in approximately 67 million products, including 4 million cars and 63 million consumer devices.

NEONODE, the NEONODE logo, ZFORCE and ZFORCE AIR are trademarks of Neonode Inc. registered in the United States and other countries.
