

Risk Intelligence signs significant maritime security intelligence contract with Saipem S.p.A.

Risk Intelligence A/S ("Risk Intelligence") announces today that the company has signed a significant agreement with Saipem S.p.A. ("Saipem") for the Risk Intelligence System [MaRisk+PortRisk], as well as a range of bespoke services designed to support Saipem's maritime security preparedness activities globally. This comes as a major extension of Saipem and Risk Intelligence's cooperation since 2013.

Saipem is a leading company in engineering, drilling and construction of major projects in the energy and infrastructure sectors. It is "One-Company" organized in five business divisions (Offshore E&C, Onshore E&C, Offshore Drilling, Onshore Drilling and XSight, dedicated to conceptual design). Saipem is a global solution provider with distinctive skills and competences and high-tech assets, which it uses to identify solutions aimed at satisfying customer requirements. Listed on the Milan Stock Exchange, it is present in over 60 countries worldwide and has 32,000 employees of 120 different nationalities.

"The new agreement with one of the world's leading offshore engineering, drilling and construction companies is important for Risk Intelligence and underlines both our ability to build and develop close client relationships as well as our ability - in cooperation with our clients - to create a credible answer to security-related challenges around the world. This contract will be instrumental in reaching our goal of doubling our revenue from the maritime markets to 22m by 2020". states Hans Tino Hansen, CEO of Risk Intelligence.

The agreement will impact the revenue positively in 2019 and 2020.

The parties have agreed not to disclose the value of the contract.

This information is information that Risk Intelligence A/S is obliged to make public pursuant to the EU Market Abuse Regulation. The information was submitted for publication through the agency of the contact person set out below, on 20 May 2019.
