

Risk Intelligence signs agreement for the Risk Intelligence System with Golar Management Norway AS

Risk Intelligence A/S (“Risk Intelligence”) has today announced that the company has signed an agreement with Golar Management Norway for the Risk Intelligence System [MaRisk+PortRisk].

Golar Management Norway AS is a Golar LNG company and is the operator and manager for 16 LNG (Floating Liquefied Natural Gas) carriers, 8 FSRU’s (Floating Storage Regasification Unit) and one FLNG (Floating Liquefied Natural Gas facility). The Risk Intelligence System is initially going to be supporting the operations of the world’s first FLNG conversion, Hilli Episeyo, which has produced LNG for more than a year in Cameroon. “The new agreement with one of the world’s largest independent owners and operators of marine-based LNG midstream infrastructure is important for Risk Intelligence and underlines our ability to build close client relationships with leading players in the energy sector.” states Jan Michelsen, Sales Director of Risk Intelligence.

With the agreement for the Risk Intelligence System Golar LNG Management Norway AS will be joining a majority of LNG operators and managers that are assessing threats and risks based on intelligence assessments from Risk Intelligence.
