

Risk Intelligence A/S welcomes Svensk Sjöfart to the Risk Intelligence System

Risk Intelligence A/S ("Risk Intelligence" or "the Company") has signed an agreement with Svensk Sjöfart (Swedish Shipowners' Association), providing access to the Risk Intelligence System.

The Swedish Shipowners' Association is an industry association representing around 55 Swedish shipping companies operating in Europe and worldwide.

Risk Intelligence is looking forward to delivering maritime intelligence in combination with AIS fleet data and sanctions data to enhance the security overview and monitoring of the Swedish-flagged and -owned fleet. This includes access to regularly updated threat assessments, incident alerts, and the round-the-clock services of the Risk Intelligence 24/7 Duty Watch.

Anders Hermansson, CEO of Swedish Shipowners Association says:

"We are very pleased to enter into a cooperation with Risk Intelligence. The access provided by Risk Intelligence will further strengthen the work of the association and the support it can bring to its members."

Hans Tino Hansen, CEO of Risk Intelligence says:

"It is a great pleasure to welcome the Swedish Shipowners' Association as a client of Risk Intelligence and we are looking forward to supporting the association in their security needs going forward. As a Danish company listed on the Spotlight Stock Exchange in Stockholm, Sweden, it is important to us to communicate this to the market and to our Swedish investors as well as to our existing Swedish maritime clients in Gothenburg and Stockholm."

Both parties have agreed not to disclose the size of the contract. The contract will impact ARR from Q1 2024.

About Risk Intelligence

Risk Intelligence is a security risk intelligence provider delivering security threat and risk analysis to clients all over the world via the cloud-based Risk Intelligence System, as well as consulting services. A large part of Risk Intelligence's clients is maritime, and these clients currently operate more than 15.4% of the global merchant fleet.

With its headquarters in Hellerup (Copenhagen), Denmark, an office in Singapore, and locations in North America, the dedicated staff of Risk Intelligence works in all major time zones to support their clients' operations. Since 2018, the company has been listed on the Spotlight Stock Exchange in Stockholm.

The Risk Intelligence System is a digital security intelligence solution developed in close collaboration with global businesses that are established within the fields of shipping, offshore, oil and gas. The digital solution is designed based on insights directly from customers and their needs as well as Risk Intelligence's experienced security risk analysts and developers' knowledge of intelligence and assessment needs.

The Risk Intelligence System offers clients a complete picture of immediate, short-, and medium-term security risks for coastal areas, ocean, port, and landside threats. The analysis is focused on insurgency, piracy, organised crime, activism, terrorism, military conflicts, and any interplay between these. Risk Intelligence identifies where serious events arise and presents an assessment of how great the threat is in each area, while at the same time providing 24/7/365 situational awareness with incident reports and alerts. This enables companies to evaluate both current and future security risks in real time and to minimise risks across their operations.

Disclaimer:

Risk Intelligence typically uses press releases to announce new clients or significant expansions of existing client contracts, in accordance with the wishes of those clients. However, there may be other

business deals that Risk Intelligence chooses not to or cannot disclose through press releases. All deals classified as MAR will always be announced through press releases.
