

## Risk Intelligence A/S signs agreement with major London-based shipping company for the Risk Intelligence System

**Risk Intelligence A/S ("Risk Intelligence" or "the Company") has signed an agreement with a major London-based shipping company ("the Client") for the Risk Intelligence System**

The Client operates a diversified fleet globally, which is why near real-time intelligence is key for their operations.

With the Risk Intelligence System, the Client will have access to credible security intelligence to assist planning, managing and adjusting their operations and at the same time reducing risk to people, cargo and assets.

**Hans Tino Hansen, CEO of Risk Intelligence says:**

*"We have known the Client for some time as they have been ordering our bespoke voyage risk assessments and briefings since late 2023, and it is a real pleasure that they now also have selected the Risk Intelligence System to further enhance their security risk management and planning. We are looking forward to further increase the cooperation with the company to reduce the risk to their crews, the environment and to the vessels around the world."*

The Risk Intelligence System license will impact ARR from Q3 2025.

### **About Risk Intelligence**

Risk Intelligence is a security risk intelligence provider delivering security threat and risk analysis to clients all over the world via the cloud-based Risk Intelligence System, as well as consulting services. A large part of Risk Intelligence's clients is maritime, and these clients currently operate more than 16% of the global merchant fleet.

With its headquarters in Hellerup (Copenhagen), Denmark, an office in Singapore, and locations in North America, the dedicated staff of Risk Intelligence works in all major time zones to support their clients' operations. Since 2018, the company has been listed on the Spotlight Stock Exchange in Stockholm.

The Risk Intelligence System is a digital security intelligence solution developed in close collaboration with global businesses that are established within the fields of shipping, offshore, oil and gas. The digital solution is designed based on insights directly from customers and their needs as well as Risk Intelligence's experienced security risk analysts and developers' knowledge of intelligence and assessment needs.

The Risk Intelligence System offers clients a complete picture of immediate, short-, and medium-term security risks for coastal areas, ocean, port, and landside threats. The analysis is focused on insurgency, piracy, organised crime, activism, terrorism, military conflicts, and any interplay between these. Risk Intelligence identifies where serious events arise and presents an assessment of how great the threat is in each area, while at the same time providing 24/7/365 situational awareness with incident reports and alerts. This enables companies to evaluate both current and future security risks in real time and to minimise risks across their operations.

### **Disclaimer:**

Risk Intelligence typically uses press releases to announce new clients or significant expansions of existing client contracts, in accordance with the wishes of those clients. However, there may be other business deals that Risk Intelligence chooses not to or cannot disclose through press releases. All deals classified as MAR will always be announced through press releases.
