PRESS RELEASE

## US patent approval for Axolot Solutions

**There has been an approval of a patent in the US, based on a new AxoPur® invention.**

Axolot Solutions has during the last few years worked persistently and developed the company's patent portfolio regarding water purification services. Axolot Solutions does apply for patent protection for the inventions the company produces pertaining to system solutions offered to its customers. An invention based on the AxoPur® concept has now been approved as a patent in the US.

### **About Axolot Solutions**

Axolot Solutions Holding AB is a Swedish environmental technology company, providing systems for industrial water purification. The company offers a holistic solution based upon a proprietary technology within electro-coagulation and flotation. Axolot Solutions water purification concept is cost efficient and enables recirculation of the water. This leads to a reduced environmental footprint.

More information about the Company and its business activities can be found at [www.axolotsolutions.com](http://www.axolotsolutions.com).

Axolot Solutions Holding AB is based in Helsingborg, Sweden, and its shares (ticker: Axolot) are listed at Nasdaq First North Growth Market, Stockholm, since November 21, 2018.
