PRESS RELEASE

Axolot Solutions gets patent approved in Sweden

Axolot Solutions gets patent for new innovation approved in Sweden.

The business of Axolot Solutions is built up around the self-developed proprietary water purification technology AxoPur®. When the technology is applied in various industrial sectors new opportunities sometimes arise. The Swedish Intellectual Property Office (PRV) has now approved a patent for a new innovation based on the application of AxoPur.

About Axolot Solutions

Axolot Solutions Holding AB is a Swedish environmental technology company, providing systems for industrial water purification. The company offers a holistic solution based upon a proprietary technology within electro-coagulation and flotation. Axolot Solutions water purification concept is cost efficient and enables recirculation of the water. This leads to a reduced environmental footprint.

More information about the Company and its business activities can be found at www.axolotsolutions.com.
