Integrum has carried out a directed issue of 2,200,000 series B shares, raising proceeds of approximately SEK 121 million

Integrum AB (“Integrum” of the “Company”) has successfully carried out a directed issue of 2,200,000 series B shares, at a subscription price of SEK 55 per share, raising proceeds of approximately SEK 121 million (the “Directed Issue”).

The Directed Issue

The Board of Directors of Integrum has, in accordance with the issue authorization granted by the annual general meeting on 30 September 2020, and as indicated in the press release of the Company earlier today, resolved on a directed issue of 2,200,000 new series B shares at a subscription price of SEK 55 per share, consequently raising gross proceeds of approximately SEK 121 million. The subscription price in the Directed Issue has been determined through an accelerated book building procedure, why it is the assessment of the Board of Directors that the subscription price accurately reflects current market conditions and demand.

A number of Swedish and international institutional investors including Consensus Fonder, Stena Finans, Vasastaden Holding, and Didner & Gerge Fonder participated in the Directed Issue.

The reason for deviating from the shareholders’ preferential right was to raise capital in a time and cost-effective manner, to finance an acceleration of the commercialization strategy and also to further diversify the shareholder base with Swedish and international institutional investors.

The Company intends to use the net proceeds from the Directed Issue to continue to strengthen the organization to accelerate the Company’s commercialization strategy including:

1. Scale-up the Company’s regulatory and reimbursement capabilities to accelerate the expansion of the OPRA™ Implant System¹ in the US with focus on Medicare;
2. Continued investments in the sales & marketing and R&D organizations;
3. Expanding the product portfolio within the EU and US with focus on eOPRA and additional indications; and
4. R&D pipeline progression of the next generation OPRA and eOPRA² solutions to further improve quality of life for individuals with amputations.

The Directed Issue entails a dilution of 12.2 percent of the total number of outstanding shares and 9.2 percent of the votes in Integrum. Through the Directed Issue, the number of outstanding shares will increase by 2,200,000 series B shares from 15,538,039 to 18,038,039 (whereof 640,00 series A shares and 17,398,039 series B shares). The share capital will increase by SEK 154,000.00 from SEK 1,108,662.73 to SEK 1,262,662.73.

¹ The OPRA™ Implant System is an innovative method allowing the direct connection of an artificial limb to the skeleton.

² Built around the OPRA™ Implant System, the artificial arm is directly attached to the skeleton, thus providing mechanical stability. Then the nerves and muscles are interfaced via neuromuscular electrodes to the prosthesis via Integrum’s advanced control system.

In connection with the Directed Issue, the Company has agreed not to, with customary exceptions, issue any shares for a period of 180 days after the settlement date of the Directed Issue. In addition, the Company's Board of Directors and management team, have agreed not to sell any shares in Integrum for a period of 180 days after the settlement of the Directed Issue, subject to customary exceptions.

About Integrum

Integrum develops and markets innovative systems for osseointegration. Integrum's OPRA™ Implant System improves the quality of life for amputees through improved function, comfort and mobility. With 20 years of experience from over 500 operations in 14 countries, the Company is today a world leader in bone-anchored prostheses for the treatment of amputees – a superior alternative to the traditionally used socket prosthesis.

The OPRA™ implant system is currently the only FDA-approved system available on the U.S. market for bone-anchored prostheses above the knee, and the only system in the world that has received a PMA from the FDA for this treatment indication. The Company's shares are listed on Nasdaq First North Growth Market. For more information about the Company and its innovative solutions for amputees, see www.integrum.se.

Information to distributors

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("MiFID II"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "MiFID II Product Governance Requirements"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the shares in Integrum have been subject to a product approval process, which has determined that the shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the "Target Market Assessment"). Notwithstanding the Target Market Assessment, distributors should note that: the price of the shares may decline and investors could lose all or part of their investment; the shares offer no guaranteed income and no capital protection; and an investment in the shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Offer. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Sole Bookrunner will only procure investors who meet the criteria of professional clients and eligible counterparties.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the shares in Integrum.

Each distributor is responsible for undertaking its own target market assessment in respect of the shares in Integrum and determining appropriate distribution channels.

Forward-looking statements

This press release contains forward-looking statements that reflect the Company's intentions, beliefs, or current expectations about and targets for the Company's future results of operations, financial condition, liquidity, performance, prospects, anticipated growth, strategies and opportunities and the markets in which the Company
