### **About Safeture**

Safeture (former GWS, Global Warning System), was founded in 2009, triggered by the experience with a global SARS epidemic, the 2004 Indian Ocean tsunami, and the Mumbai terror attacks. The company offers a unique security platform: Safeture, which is the new, complete way to take control of employee safety with state-of-the-art technology. The Safeture share is listed on NASDAQ First North Stockholm, ticker SFTR.
