## CapMan Real Estate strengthens asset management team with several key hires and promotions

Over the past 12 months, CapMan Real Estate has strengthened its asset management organisation with ten new hires and several promotions. This follows the appointment of **Juhani Erke** as Chief Asset Management Officer (CAMO) last year.

CapMan Real Estate is pleased to announce several key appointments and promotions. **Aleksi Konsti** has taken on the role of Head of Finland, overseeing investments and asset management in Finland, effective June 1, 2025. He will succeed Juhani Erke, who will now focus on leading Nordic asset management activities.

The Asset Management organisation has been established in all countries, including a new Head of Asset Management, Finland, starting in August 2025. Additionally, **Kajsa Bagler** has been promoted to Head of Asset Management, Sweden, and **Alex Jacobsson** to Head of Asset Management, Denmark.

In addition, the Asset Management Team has grown with six new hires over the past six months in Denmark, Sweden and Norway, in both commercial and residential assets, to strengthen the local teams and manage our growing portfolio.

To support our growing hotel assets under management, we have expanded our team outside Finland, especially in Stockholm, through key hires and promotions across investment and asset management roles.

"It has been a pleasure to see such great talent join our Nordic platform and to witness our long-time team members take on more responsibility. Their contributions will support our growth in the future as the skill sets of the new hires cover the full spectrum of asset management, from leasing to construction management and property development," shares Juhani Erke, Chief Asset Management Officer at CapMan Real Estate.

"We are building a strong, collaborative team across the Nordics, and these appointments reflect our commitment to long-term value creation and operational excellence," adds **Ilkka Tomperi**, COO & Partner at CapMan Real Estate.

About CapMan

*CapMan is a leading Nordic private asset expert with an active approach to value creation and €6.4 billion in assets under management. As one of the private equity pioneers in the Nordics we have developed hundreds of companies and assets creating significant value for over three decades. Our objective is to provide attractive returns and innovative solutions to investors by enabling change across our portfolio companies. An example of this is greenhouse gas reduction targets that we have set under the Science Based Targets initiative in line with the 1.5°C scenario and our commitment to net-zero GHG emissions by 2040. We have a broad presence in the unlisted market through our local and specialised teams. Our investment strategies cover real estate and infrastructure assets, natural capital and minority and majority investments in portfolio companies. We also provide wealth management solutions. Altogether, CapMan employs around 200 professionals in Helsinki, Jyväskylä, Stockholm, Copenhagen, Oslo, London and Luxembourg. We are listed on Nasdaq Helsinki since 2001.*
