

PolarCool AB (publ) signs an agreement with Zurich SC Lions in the Swiss hockey league

PolarCool AB (publ) has signed a cooperation agreement with Zurich SC Lions in the Swiss ice hockey league National League A, which is the top tier in the Swiss league system. Zurich SC Lions will evaluate PolarCap® System until the end of the current season.

Zürich SC Lions will thus become a reference team in the Swiss league, in a market where PolarCool (publ) also has good hopes of developing the business.

PolarCool's Erik Andersson comments;

- The fact that Dr. Gery Büsser, a very reputable doctor in this area, now chooses to include the use of PolarCap® System in his treatment procedure for concussions is gratifying. Especially as it shows that he regards the product positively, as well as the fact that PolarCool (publ) now has a reference team in the Swiss league NLA.
