airteam expands to Sweden

Ratos's subsidiary airteam is expanding to Sweden through the acquisition of Luftkontroll Energy Örebro AB (Luftkontroll Energy), a leading installer of ventilation solutions in the Mälardalen region.

airteam, a leading supplier of ventilation solutions in Denmark, is strengthening its market position by expanding to Sweden through the acquisition of Luftkontroll Energy. The company has approximately 35 employees and offices in Örebro. Its sales for 2017 amounted to about SEK 80m. Luftkontroll Energy offers efficient ventilation and energy solutions, including after-sales and maintenance services.

"Through the acquisition of Luftkontroll Energy, airteam is taking its first, strategically important steps into Sweden. The company has a strong market position and competent management team, who will remain in their roles and be partners in the company moving forward. The company is a good fit for airteam's business model and we see strong potential for airteam to continue growing in Sweden," says Robin Molvin, Senior Investment Director at Ratos.
