INVISIO receives order for SEK 44 million from an existing customer in the U.S.

INVISIO has, through its U.S. GSA contract, received an order for SEK 44 million from an existing customer within the U.S. Department of Defense (DoD). The order includes advanced communication and hearing protection solutions. Delivery will be during 2020.

"We are proud to deliver our advanced communication systems to units within the U.S. Department of Defense. INVISIO's systems are world leading in its segment and with this order we are strengthening our position further. We are particularly satisfied that it was received through our GSA contract," said Lars Højgård Hansen, CEO of INVISIO.

The INVISIO systems provide enhanced communication capabilities in noisy environments while protecting the users' hearing, which gives operational benefits and increased tactical advantages, including improved situational awareness for the users.
