

**iiote will be at MWC19 Barcelona February 25-28, 2019**

**Join iiote at MWC19 in Barcelona, the largest mobile event in the world, bringing together the latest innovations and leading-edge technology**

“MWC Barcelona (formerly Mobile World Congress) is the largest mobile event in the world, bringing together the latest innovations and leading-edge technology from more than 2,400 leading companies, with a highly-rated conference program assembling today’s visionaries to explore the hottest topics influencing the industry.

The event also features extensive learning opportunities from dozens of partner-led programs, GSMA seminars, summits and more. Everything you need to know about the industry, today and beyond, can be found here.

With over 107,000 key decision-makers expected to attend, #MWC19 promises to expand your professional network and help you achieve your goals.”

Schedule a meeting with iiote the independent systems integrator and discuss real-life LPWAN IoT- solutions.

iiote work with companies, organizations and municipalities in implementing IoT in their business, from analysis need and strategy to planning, implementation and system integration. iiote has expertise in IoT, IT and Telecom, combined with industry-specific skills from the construction, machinery and automotive industries. iiote integrates solutions that drive the development of simple and innovative IoT in the community. This is enabled by radio systems that use low-energy technology, Low Power Wide Area Networks (LPWAN).

More information about iiote can be found on our website [www.iiote.com/en](http://www.iiote.com/en)

iiote - make sense of IoT
