The subscription period in Nustay's new share issue prior to listing at Spotlight Stock Market begins today

Today, Nustay A/S ("Nustay") announces the start of the subscription period in the company's new share issue prior to planned listing on Spotlight Stock Market. A fully subscribed new share issue will provide the company with approximately DKK 21.3 million before issue costs. Nustay has secured approximately DKK 12 million, corresponding to approx. 56 percent of the total issue volume through subscription commitments. The capital is primarily intended to finance marketing of the company's hotel booking platform to facilitate the company's continued growth. The new share issue is also intended to finance operating expenses and provide a spread in ownership to build a wide base of ambassadors and potential new customers. Prospectus, teaser and subscription form are available via the websites of the company (www.nustay.com) and Sedermera Fondkommission (www.sedermera.se). The investment documents are also available via the website of Spotlight Stock Market (www.spotlightstockmarket.com). Nordnet Bank AB is acting as Selling Agent in the new share issue, which will be marketed in Denmark, Sweden, Norway and Finland.

Mathias Lundoe Nielsen, Founder and CEO of Nustay, comments:

"Our vision is simple – to provide smart access to the best prices for all hotels and rental properties in the world in a single search. We have a very strong foundation in the company with a highly developed technical platform up-and-running – and this together with our exceptionally strong team and the agreements we already have in place, makes Nustay an interesting investment proposition according to me. We have a unique position as a new player in the hotel OTA market with a radically different approach that puts the customers' personal preferences and low prices first. With this approach, we believe that we can attract a large number of customers and take a sizable part of the market for online hotel bookings in the future. With that, I want to welcome you as a shareholder in Nustay – the world's smartest platform for finding hotel rooms at the cheapest prices."
