The subscription shall take place without pre-emption rights for the existing shareholders. Further, the subscription and conversion price shall be determined by the board of directors as the market price at the time of conversion or as a price equal to or above market price at the time of the decision to issue the convertible debt instruments.

1.d Authorisation to the board of directors to increase the share capital at a rate discounted to the market price with pre-emption rights for existing shareholders

An authorisation to the board of directors to increase the Company's share capital at a rate discounted to the market price in one or more issues of new shares with pre-emption rights for the Company's existing shareholders by up to nominally DKK 145,765.32 (corresponding to 20 % of the Company's registered share capital) is included as a new article 4.4 of the articles of association.
