Information for distributors

In order to comply with the product governance requirements contained in: (a) Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments, as amended, ("**MiFID II**"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593, supplementing MiFID II; and (c) local implementing measures (collectively, the "M**iFID II Product Governance Requirements**"), and disclaiming any and all liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the Offered Shares have been subject to a product approval process, which has determined that such securities are: (i) suitable for an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, as defined in MiFID II; and (ii) suitable for distribution through all distribution channels permitted under MiFID II (the "**Target Market Assessment**").

Notwithstanding the Target Market Assessment, distributors should note that: the price of the Company's shares may decrease and investors may lose all or part of their investment, that the Company's shares are not accompanied by any guarantee of return or capital protection, and that an investment in the Company's shares is only suitable for investors who are not in need of guaranteed returns or capital protection and who (alone or with the assistance of appropriate financial or other advisors) are capable of evaluating the benefits and risks of such investment and which has sufficient resources to bear the losses that such investment may result in. The target market assessment is without prejudice to other requirements regarding contractual, legal or regulatory sales restrictions due to the Rights Issue.

For the avoidance of doubt, the Target Market Assessment does not constitute (a) an appropriateness or suitability assessment within the meaning of MiFID II or (b) a recommendation to any investor or group of investors to invest in, acquire, or take any other action in respect of the Company's shares.

Each distributor is responsible for conducting its own Target Market Assessment in respect of the Company's shares and for deciding on appropriate distribution channels.
