Information for distributors

In order to fulfil the product governance requirements contained in: (a) Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments, as consolidated, ("**MiFID II**"); (b) articles 9 and 10 of Commission Delegated Directive (EU) 2017/593, which complements MiFID II; and (c) national implementing measures (together, the "**MiFID II Product Governance Requirements**") and to discharge any non-contractual, contractual or other liability to which any "**manufacturer**" (within the meaning of the MiFID II Product Governance Requirements) might otherwise be subject, the shares offered have been subject to a product approval process, which has determined that such securities are: (i) suitable for a target market of non-professional investors and investors meeting the criteria of professional customers and eligible counterparties, as defined in MiFID II; and (ii) suitable for distribution through all distribution channels permitted by MiFID II (the "**Target Market Assessment**").

Notwithstanding the Target Market Assessment, distributors should note that: the price of the Company's shares may fall and investors may lose all or part of their investment; the Company's shares do not carry any guarantee of return or capital protection; and an investment in the Company's shares is suitable only for investors who do not require a guaranteed return or capital protection and who (acting alone or with the assistance of an

appropriate financial or other adviser) are capable of evaluating the merits and risks of such investment and have sufficient resources to bear any losses that may result from such investment. The Target Market Assessment does not affect any other requirements relating to contractual, legal or regulatory selling restrictions in connection with the Rights Issue.

For the avoidance of doubt, the Target Market Assessment does not constitute (a) an assessment of suitability or appropriateness for the purposes of MiFID II or (b) a recommendation to any investor or group of investors to invest in, or acquire, or take any other action whatsoever with respect to the shares of the Company. Each distributor is responsible for carrying out its own Target Market Assessment in respect of the Company's shares and for determining appropriate distribution channels.
