

Össur hf: Management changes

Announcement no. 74/2019
9 December 2019

New R&D leadership

Kim de Roy, EVP of Research & Development (R&D), is leaving Össur after leading the R&D function for the last 2 years.

As of today, Dr. Kristleifur Kristjansson has been appointed EVP of R&D and will become a member of Össur's Executive Management. Dr. Kristjansson joined Össur in 2012, for the first 5 years as Medical Officer and in the last 2 years as Medical Officer and VP of Clinical Affairs. Dr. Kristjansson holds a Medical Doctor degree from the University of Iceland and is a Board-Certified Pediatrician from the Medical College of Georgia, in addition to completing a clinical and molecular genetics fellowship from the Baylor College of Medicine in Houston, Texas and has been a certified Pediatrician and Clinical Geneticist in Iceland from 1993. Dr. Kristjansson's previous positions include co-founder and VP of Clinical Affairs and Collaborations at deCODE genetics ehf. 1995 to 2012 and co-founder and CEO of Pediatric Services in Iceland 1995 to 2014. Dr. Kristjansson has acted as a consulting Pediatrician and Clinical Geneticist for the University Hospital, Landspítaliinn Reykjavík Iceland, from 1998 to the present, and he is the Founder and Chairman of the Board of Skraeda ehf.

Jon Sigurdsson, President & CEO, comments:

"Dr. Kristleifur Kristjansson brings with him a wealth of experience and expertise and he has been a valuable member of our team for the last 7 years. For the last 2 years Kim de Roy has been an instrumental force in driving our innovation strategy. On behalf of all Össur employees I thank him for his contribution to Össur."
