

SelectImmune Pharma appoints acting CEO

The company is delighted to announce that Gabriela Godaly will take the role as acting CEO of SelectImmune Pharma until a new permanent CEO has been appointed.

Professor Godaly is familiar with all aspects of the company and has been actively involved in its development for several years. She was appointed Chief Medical Officer of SelectImmune Pharma in 2020 and has served on the Board of Directors since 2019.

Gabriela Godaly is a clinical trials expert and her contributions are extremely valuable for the rapidly evolving clinical trials program of SelectImmune Pharma.

SelectImmune Pharma is a pharmaceutical company whose shares are traded on the Spotlight Stock Market. The company's goal is to develop new immunotherapies, which act as immune enhancers and offer alternatives to antibiotics.

Bacterial infections affect large parts of the population and are becoming increasingly difficult to treat due to increasing antibiotic resistance. SelectImmune Pharma develops immunotherapies that can supplement or replace antibiotics. Urinary tract infections (UVI) are one of the world's most common infectious diseases, affecting about 150 million people each year. The need for alternative treatments for bacterial infections is currently very large as are potential markets.
