Beijer Ref establishes MTN program

Beijer Ref has established a Medium Term Note program (MTN program) with a framework amount of SEK 7 billion. The base prospectus for the MTN program has been approved by the Swedish Financial Supervisory Authority today and is available on Beijer Ref's website, www.beijerref.com and on the Swedish Financial Supervisory Authority's website, www.fi.se.

"The establishment of the MTN program is a natural next step in our financing strategy. It enables a more flexible and diversified financing base for continued long-term value creation through acquisitions " says Joel Davidsson, CFO at Beijer Ref.

Handelsbanken is the arranger of the MTN program and acts as Issuing Agent together with Nordea and Danske Bank.
