## **Nordisk Bergteknik completes the acquisition of Snemyr Betongsprøyting**

As of today, September 30, Nordisk Bergteknik completes the acquisition of Snemyr Betongsprøyting AS. Nordisk Bergteknik announced on June 21 that it had entered into an agreement regarding the acquisition of all shares in the company.

Snemyr Betongsprøyting AS was founded in 1979 and had sales of approximately NOK 80 million in 2021 with very good profitability. The company has just over 10 employees and provides services in concrete spraying. The operations are based around the administrative and logistical base in Kristiansand, but projects are undertaken throughout Norway. The company is consolidated into Rock Norway as of September 30, 2022.

"We are very pleased to complete the acquisition of Snemyr Betongsprøyting. Now we can continue to develop our collaboration and together strengthen our market position in Norway, where we see large investments in both new and existing infrastructure in the future", says Andreas Christoffersson, CEO Nordisk Bergteknik.

The information was submitted, through the care of the contact persons below, for publication on 30 September 2022 at 13:00 CEST.
