Electrolux Professional Group achieves gold medal in EcoVadis sustainability ratings

Electrolux Professional Group is proud to announce that we have been awarded the prestigious gold medal in the EcoVadis Sustainability Ratings. This recognition places us in the top 5% of companies assessed globally, highlighting our firm commitment to sustainable business practices.

Being awarded the gold medal by EcoVadis is more than just a recognition; it is a validation of our efforts to drive responsible business practices across our operations. EcoVadis evaluates companies based on four key pillars: Environment, Labor & Human Rights, Ethics, and Sustainable Procurement. Our gold medal signifies excellence in these areas and reinforces our position as a preferred supplier to high-profile customers in the hospitality industry. The Hospitality Alliance for Responsible Procurement (HARP), powered by EcoVadis, is dedicated to enhancing supplier sustainability performance in the hospitality industry.

"The gold medal from EcoVadis is a testament to our continuous efforts to improve our sustainability performance. Last year, we were honored with a Silver Medal, and this year, we have made significant strides to elevate our standing. It is a significant milestone for the Group," says Swapnil S Choudhari, Vice President Group Sustainability and Quality.
