

## News release from Vestas-American Wind Technology

Portland, 30 June 2019

### Vestas receives 268 MW order in US

The order comprises a 95 MW project and a 173 MW project with V150-4.2 MW turbines from the same customer. The projects, including previously purchased PTC components, have a total capacity of 102 MW and 198 MW respectively.

The order includes supply and commissioning of the turbines as well as a multi-year service agreement.

Deliveries and commissioning for both projects are expected in the third and fourth quarter of 2020.

The projects and customer are undisclosed at the customer's request.
