

**Press release from
Vestas Northern & Central Europe**

Hamburg, 25 June 2018

**Vestas strengthens its footprint in Ukraine with two orders from
Vindkraft Group totaling 97 MW**

Long-term customer Vindkraft Group has placed two orders with Vestas for the Overyanivska and Novotroitske II projects with a total capacity of 97 MW. The order comprises supply, installation and commissioning of 27 V136-3.6 MW turbines.

“With the two new orders we continue to build on our valued cooperation with Vindkraft as well as on our position as one of the market leaders in Ukraine, and it supports our strategy to strengthen our footprint in this important emerging market,” says Nils de Baar, President of Vestas Northern & Central Europe.

“We are very happy to continue our partnership with Vestas. The wind parks will be built using latest Vestas’ technology and experience”, states Carl Sturen, General Director of Vindkraft.

The wind parks will be located in Novotroitsk and Henichesk provinces, Kherson region, Ukraine.

About Vestas

Vestas is the energy industry's global partner on sustainable energy solutions. We design, manufacture, install, and service wind turbines across the globe, and with 92 GW of wind turbines in 79 countries, we have installed more wind power than anyone else. Through our industry-leading smart data capabilities and unparalleled 78 GW of wind turbines under service, we use data to interpret, forecast, and exploit wind resources and deliver best-in-class wind power solutions. Together with our customers, Vestas' more than 23,900 employees are bringing the world sustainable energy solutions to power a bright future.

The headquarters of Vestas Northern & Central Europe is located in Hamburg, Germany. The business unit is responsible for the sales and marketing of wind power systems as well as for the installation and operation of wind power plants in Germany, Benelux, Austria, the Nordics, UK, Ireland, Russia, the Baltics, Eastern Europe and Southern and Eastern Africa.
