Nanoform and Pharmanovia to breathe new life into iconic medicines

Helsinki, Finland – Nanoform Finland Plc., an innovative nanoparticle medicine-enabling company, today announced that it has partnered with Pharmanovia, a fast-growing specialty pharma business with a portfolio of over 20 branded drugs in 140 markets.

The new strategic partnership aims to add value to branded prescription medicines. Pharmanovia will look to apply Nanoform's proprietary nanoparticle technologies and formulation know-how to leading established pharmaceutical brands.

The partnership starts with an iconic branded medicine where both parties see value in enhancing bioavailability for patient benefit. The value of the stage-gated agreement is according to Nanoform's business model for non-GMP and cGMP work.

"This partnership is a great example of where the power of small can add value for iconic medicines to make them even more effective. Pharmanovia's business model enables brand loyalty to continue from one generation to the next" said Christian Jones, Chief Commercial Officer of Nanoform.

About Nanoform

Nanoform is an innovative nanoparticle medicine enabling company. Nanoform works together with pharma and biotech partners globally to provide hope for patients in developing new and improved medicines utilizing Nanoform's platform technologies. The company focuses on reducing clinical attrition and on enhancing drug molecules' performance through its nanoforming technologies and formulation services. Nanoform's capabilities include GMP manufacturing, and its services span the small to large molecule development space with a focus on solving key issues in drug solubility and bioavailability and on enabling novel drug delivery applications. Nanoform's shares are listed on the Premier-segment of Nasdaq First North Growth Market in Helsinki (ticker: NANOFH) and Stockholm (ticker: NANOFS). Certified Adviser: Danske Bank A/S, Finland Branch, +358 40 744 1900. For more information, please visit <http://www.nanoform.com>

Forward-Looking Statements

This company release contains forward-looking statements, including, without limitation, statements regarding Nanoform's strategy, business plans and focus. The words "may," "will," "could," "would," "should," "expect," "plan," "anticipate," "intend," "believe," "estimate," "predict," "project," "potential," "continue," "target" and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Any forward-looking statements in this company release are based on management's current expectations and beliefs and are subject to a number of risks, uncertainties and important factors that may cause actual events or results to differ materially from those expressed or implied by any forward-looking statements contained in this company release, including, without limitation, any related to Nanoform's business, operations, clinical trials, supply chain, strategy, goals and anticipated timelines and competition from other companies. Nanoform cautions you not to place undue reliance on any forward-looking statements, which speak only as of the date they are made. Nanoform disclaims any obligation to publicly update or revise any such statements to reflect any change in expectations or in events, conditions or circumstances on which any such statements may be based, or that may affect the likelihood that actual results will differ from those set forth in the forward-looking statements. Any forward-looking statements contained in this company release represent Nanoform's views only as of the date hereof and should not be relied upon as representing its views as of any subsequent date.
