Thunderful Hosts Successful Videogames Digital Showcase Event

SteamWorld Headhunter leads announcements of new IPs and updates on anticipated games at **Thunderful World** event

Yesterday, on **November 10th**, **Thunderful Games** hosted its debut digital showcase event, [**Thunderful World**](#). Streamed live on Twitch and co-streamed by industry-leading media partner IGN, sixteen titles were shown at the event, including six world premieres.

The strong lineup of titles appearing at **Thunderful World** were led by the announcement of the next entry in the multi-million selling and multi-award winning **SteamWorld** franchise, **SteamWorld Headhunter**.

“We’ve been delighted by the positive reception to Thunderful World,” said Thunderful Group CEO Brjánn Sigurgeirsson. “The event was a great opportunity to show the world what we are about and stake our claim as a leading force in the global games industry as we realise

our goal of building a 360-degree game company built on our core pillars of development, publishing and investment. The acclaim we've received for the event and the games that were shown is yet more evidence that we are on the right track and we are excited to build upon this for future events".
