Biokraft is a Nordic greentech company that produces bioenergy and plant nutrition in a circular cycle by recycling organic waste and residual products in large-scale biorefineries. Biogas is CO2-neutral and lowers GHG emissions by over 100% when replacing fossil fuels. Biokraft will build, own and operate large-scale biogas plants with a focus on the Northern European market. Today there are facilities in Sweden, Norway and Korea. Biokraft has just over 110 employees and had total revenues of SEK 407 million in 2022. The company is listed on the Nasdaq First North Premier Growth Market. The Certified Adviser is Erik Penser Bank AB. www.biokraft.com
