The proposed Board members are considered independent in relation to the company, company management and major shareholders in the company, with the exception of Carl Backman who is deemed to be dependent in relation to a major shareholders in the company as he is CEO of a company that is a large shareholder in Semcon, and Tore Bertilsson who is deemed to be dependent in relation to a major shareholder in the company as he is Chairman of a company that is a large shareholder in Semcon. The Nominations Committee's reasoned statement regarding proposals to the Board and information about the proposed Board members are available on the company's website, www.semcon.com. The statement also contains a brief account of how the Nominations Committee's work was conducted.

Item 17 - Election of auditors and any deputy auditors or registered public accounting firm

The 2018 Annual General Meeting elected Ernst & Young Aktiebolag as auditor of the company until the close of 2019 Annual General Meeting. The Nominations Committee proposes that the registered auditing firm Ernst & Young Aktiebolag be elected as auditor until the close of the next Annual General Meeting, in accordance with the recommendation received by the Nominations Committee from the Board.

Item 18 - Decision regarding the Nominations Committee

The Nominations Committee proposes that the following principles regarding work and appointment of the Nominations Committee, which were adopted by the Annual

General Meeting 2018, shall remain in force until a decision to amend the principles is taken by the Annual General Meeting, namely that the company shall have a Nominations Committee, that no remuneration should be paid to the members of Nominations Committee, although the company shall pay the costs of the Nominations Committee, and that there be a nominations process with the following content: The Nominations Committee shall comprise three or, in some cases, four members. In addition, the Chairman of the Board shall be a co-opted member. Based on shareholder statistics on 31 August, the Chairman of the Board is to contact the three largest shareholders [based on number of votes] and ask each of them to appoint one member of the Nominations Committee. If a shareholder waives this right, the offer is to be made to the next largest shareholder. The member proposed by the shareholder holding the most votes will serve as Chairman of the Nominations Committee. If there are changes in the shareholder structure after 31 August and earlier than two months prior to the Annual General Meeting, and if a shareholder consequently becomes one of the three largest shareholders and requests to be represented on the Nominations Committee, then this shareholder shall have the right to either appoint an additional committee member or, if the Nominations Committee so decides, to appoint a representative to replace the representative of the shareholder who has the least number of votes after the ownership changes. If a member resigns or is unable to carry out his or her assignment, then the Chairman of the Nominations Committee shall, without undue delay, invite the shareholder that has appointed the member to appoint a new member within a reasonable period of time. If the shareholder does not exercise the right to appoint a new member then, and if the number of shareholder-appointed members of the Nominations Committee is thereby less than three, then other major shareholders are to be invited to appoint a member to the Nominations Committee. If such an offer is given, it is to be offered to the next largest shareholder in terms of voting rights who has not already appointed a representative or who has refrained from doing so. The proceedings shall continue until the Nominations Committee consists of three members and the Chairman of the Board as co-opted member. The Nominations Committee is to perform the duties that from time to time are required under the Swedish Corporate Governance Code. The duties of the Nominations Committee include making proposals for [i] Chairman of the Annual General Meeting, [ii] Chairman of the Board and other Board members, [iii] fees and other remuneration for Board assignments for each Board member, [iv] fees for auditors, [v] selection of auditors and [vi] fees for members of the Nominations Committee and proposals for the nomination process in general.

The Nominations Committee will provide the company with the information required for the company to meet its information disclosure requirements under the Swedish Corporate Governance Code.

Item 19 - Decision regarding guidelines for determining salaries and other remuneration to senior executives

The Board proposes that the Annual General Meeting establish guidelines for determining salaries and other remuneration to senior executives with the following main content. The company is to have remuneration levels and other terms of employment required to retain and recruit senior executives with the expertise and capacity to achieve established targets. Total remuneration - made up of various components such as fixed salary, bonus, participation in share-based incentive schemes, pension benefits and other remuneration and benefits - is to be reasonable, competitive and market-based, and be decided with consideration for, among other factors, performance, position and importance for the Group. A fixed salary will be paid for satisfactory work and normally be reviewed once a year. A bonus may be offered, but be primarily based on results and bonus targets, and be established once a year and amount to a maximum of nine months' salary. Senior executives are to be entitled to arrange individual pension solutions under certain provisions via salary or bonus waivers. Pension solutions shall be premium based. Notice of resignation from senior executives is to be a minimum of six and maximum of 12 months.

Notice of dismissal by the company is to be a maximum of 12 months. Dismissal pay and severance pay combined must not exceed 18 months' salary. In addition, other remuneration and benefits may be offered to facilitate possibilities to complete work assignments. The Board has the right to deviate from these guidelines in individual cases if there is good reason.

Item 20 - Decision to authorise the Board to decide on new issues of shares

The reason for the proposal, and the reason for deviating from preferential rights for existing shareholders, is that the Board wishes to create cost-efficient and flexible opportunities for making payments for acquisitions of companies or businesses or parts thereof. The Board proposes that the Annual General Meeting authorise the Board, up to the time of the next Annual General Meeting, on one or more occasions, to decide on the new issue of ordinary shares in the company on the following conditions:

- 1) New shares may only be issued to enable use of ordinary shares as liquidity in the acquisition of companies or businesses or parts thereof.
- 2) New shares may be issued with deviation from existing shareholders' preferential rights.
- 3) The new share issue shall comprise a maximum of 1,811,253 ordinary shares.
- 4) The subscription price is to correspond to the ordinary share's assessed market value at the time of issue.

5) Payment for the subscribed ordinary shares in the company is to be in capital contributed in kind.

6) The Board has the right to set other conditions for new issues.

On full utilisation of the authorisation to issue new shares, the total number of shares and votes in the company can increase by 1,811,253, representing dilution of around ten per cent of current shares and votes.

The proposal is identical to the previous year's authorization from the Annual General Meeting.

Item 21 - Decision to authorise the Board to decide on the acquisition and transfer of the company's own shares

The reason for the proposal, and the reason for deviating from preferential rights for existing shareholders, is that the Board wishes to create cost-efficient and flexible opportunities to: [i] improve the company's capital structure and thereby increase share value and [ii] to make payments for acquisitions of companies or businesses or parts thereof.

A. Decision to authorise the Board to decide on the acquisition of own shares

The Board proposes that the Annual General Meeting authorise the Board, up to the time of the next Annual General Meeting, on one or more occasions, to decide on the acquisition of ordinary shares in the company on the following conditions:

- 1) Purchases are only to be made to [i] improve the company's capital structure and [ii] to enable use of ordinary shares as liquidity in making payments for acquisition of companies or businesses or parts thereof.
- 2) Purchases may only be made on Nasdaq Stockholm or through purchase offers directed to all owners of ordinary shares in the company.
- 3) Purchases of ordinary shares in the company on each occasion are to represent a maximum of ten per cent of all shares in the company following the purchase.
- 4) Purchases on Nasdaq Stockholm shall be at a price per share within the current share price range for ordinary shares, or in the event that the Board assigns a stock exchange member to accumulate a specific amount of the company's shares in their own account for a specific period, at a price per share within a specified price range for the period or equivalent volume-weighted average share price, and purchases linked with an acquisition offer are to be made at a maximum price per share equivalent to the market price of the ordinary share in the company at the date of the offer plus an additional amount of not more than 20 per cent.

- 5) Payment for ordinary shares shall be made in cash.
- 6) The appropriate terms in the listing agreement with Nasdaq Stockholm shall be observed for purchases.
- 7) The Board has the right to set other conditions for purchases.

B. Decision to authorise the Board to decide on the transfer of own shares

The Board proposes that the Annual General Meeting authorises the Board, up to the time of the next Annual General Meeting, on one or more occasions, with deviation from shareholders' preferential rights, to decide on the transfer of ordinary shares in the company on the following conditions:

- 1) Transfers may only be made to use ordinary shares as liquidity for acquisition of companies and businesses or parts thereof.
- 2) Transfers on each occasion may be for the total number of ordinary shares owned by the company.
- 3) Transfers are to be made at a price corresponding to the ordinary share's assessed market value in connection with transfer.
- 4) Payment for ordinary shares is to be in capital contributed in kind.
- 5) The Board has the right to set other conditions for transferring shares.
