## **Anders Birgersson celebrates 20 years as VBG Group's President and CEO**

20 years have passed since Anders Birgersson took over the role of President and CEO of VBG Group.

Long-term thinking is one of VBG Group's leading stars and during the 70 years that have passed since the company was founded, only three CEOs have led the business. Herman Krefting, the founder of the company (1951–1972), Richard Persson (1972–2001) and Anders Birgersson who started his position at the end of May 2001.

During the years with Anders Birgersson as President and CEO, VBG Group has developed from a supplier of transport solutions to an international industrial Group with its own operations in 17 countries and 1,500 employees.

In this video, you get Anders Birgersson's own view of 20 years as President and CEO.
