NCC to expand police office in Linköping

NCC has been commissioned by Intea Garnisonen AB and the Swedish Police Authority to expand an office building for the police in Linköping, Sweden. The project is a turnkey contract with an order value of approximately SEK 170 million.

The expanded office building of some 5,800 square meters will have five floors and a basement. The building will comprise space for offices and other operations.

“We are proud to support the important role of the police in society by upgrading their premises in partnership with NCC. As a property owner, we have a long-term responsibility to provide practical, safe and secure premises,” says Johan Elwing, representing Intea Garnisonen AB.

“The upgraded office building will include many important features and we are pleased to play a part in realizing this project. Our previous experiences from office and security classified projects mean that we have a good understanding of our client and can help them achieve their goals,” says Sagvan Abdulsatar, Production Manager, NCC Building Sweden.

NCC has extensive and broad experience of projects subject to high safety and security standards. NCC’s security organization and team of experts specializing in security classified buildings ensure the availability of expertise and resources to support projects throughout the process – from planning to implementation.

The order value is approximately SEK 170 million and will be registered in the NCC Building Sweden business area in the first quarter of 2026. The project is scheduled to start in the first quarter of 2026 with completion scheduled for the second quarter of 2028.
