It is impossible to put into words how happy I am – I think it will take a while before I understand how much money I have won", says the lucky winner.

"For everyone at Lucky Casino, this is a historic moment. To be able to call our lucky winner and announce that the fourth largest online jackpot winning ever awarded, and the single biggest jackpot ever won in Sweden at an online casino, has gone to one of our customers in Sweden, is something we could only dream of", says Martin Sidenvall, Casino Director at Lucky Casino.

"Congratulations to Lucky Casino and their player on the tremendous win through Microgaming's Mega Moolah. The win marks the largest euro jackpot win in Sweden through our progressive jackpot network.
