SIBS was founded in 2016 and is today one of the world's leading modular building manufacturers. With an annual scalable capacity of up to around 6,000 homes, or 12,000 modules, SIBS delivers sustainable, high-quality buildings adapted to local conditions. The company's industrialized platform enables a wide range of applications, from residential housing to community buildings. SIBS has the entire integrated value chain for industrial construction within the group, including design and configuration in its own building system, industrial production in its own factories, and onsite assembly and finalization. Through digitalization and advanced technology, SIBS sets a new standard in the construction industry. SIBS' bond is listed on Nasdaq Stockholm. Read more at www.sibs.se.
