Safello Group AB Publishes Annual Report for 2021

Stockholm, 29 March 2022 | Today, Safello Group AB (“Safello”) publishes the company’s annual report for 2021. The annual report is available in Swedish, with an English translation, on the company’s website: [Safello Financial Reports](#).

“The past year has flown by and was one of monumental change for both Safello and the market. Apart from delivering on our promises in the prospectus, we took the market leadership position in Sweden and started the new year by signing an LOI with Avanza to kick off our Crypto-as-a-Service strategy. Cryptocurrency user adoption is now on track with the Internet some 20 years ago. The team and I are very excited to see how fast the landscape evolves and how we can work with institutions embracing this future,” says Frank Schuil, CEO and co-founder of Safello.

For environmental and cost reasons, Safello Group AB has decided not to print the report. A printout may be distributed to shareholders upon request.
