

Elicera Therapeutics hires Erik Penser Bank as market maker

Elicera Therapeutics AB (publ) announced today that it has entered into an agreement with Erik Penser Bank regarding market making.

Erik Penser Bank starts as market maker on March 1, 2023. The market maker commitment is provided in accordance with Nasdaq Stockholm AB's rules for market making and means that the market maker will continuously place trading records on each purchase and sales page in the order book. A market maker aims to create a more accurate price picture in a company's share, which in turn gives a more accurate valuation of the company and allows for an improved trading volume in the share.

About Elicera Therapeutics AB

Elicera Therapeutics AB is a clinical stage cell and gene therapy company that develops next generation immuno-oncology treatments based on enhanced oncolytic viruses and CAR T-cells. The work is based on high-profile long-standing research conducted by Professor Magnus Essand's research group at Uppsala University and has resulted in the development of four drug candidates, including two CAR T-cells and two oncolytic viruses. In addition, Elicera has developed a technology platform called iTANK that can be used to optimize all CAR T-cells in development and activate killer T-cells against cancer. The company's share (ELIC) is traded on Nasdaq First North Growth Market. For more information, please visit www.elicera.com
