

Polymer Factory Sweden AB: Update on financial targets for the fiscal year 2021

Polymer Factory Sweden AB ("Polymer Factory" or the "Company") will adjust its financial targets for the fiscal year 2021. The previously communicated financial target of approx. SEK 4-5 million will be adjusted to approx. SEK 2.5 million.

Polymer Factory has during 2021 fulfilled several operational targets and has invested in operational expansion in accordance with previously communicated objectives. The reduction in turnover is not related to any single event and is not considered to be deviating from the financial reporting in previously released interim reports.

The Company emphasizes that the adjusted target is indicative, as no financial statements have yet been completed.

This disclosure contains information that Polymer Factory is obliged to make public pursuant to the EU Market Abuse Regulation (EU nr 596/2014). The information was submitted for publication, through the agency of the contact person, on 20 December 2021.

Polymer Factory (publ) is a leading global provider and producer of dendritic materials, with customers ranging from Big Pharma, MedTech and BioTech companies, to research-intensive institutes and academic research groups. The Company's dendritic materials act as smart delivery systems that enhance the effects of the substances they carry, e.g., a vaccine or an anticancer drug. They have also shown great promise in diagnostics, tissue engineering and in the development of vaccines. In addition, Polymer Factory has used the Company's vast knowledge and expertise to develop a patented calibration technology, named SpheriCal®, designed for Mass Spectrometry instruments. The Company's dendritic nanotechnologies have the potential to accelerate innovation in technologically demanding sectors, such as MedTech and BioTech. Learn more at www.polymerfactory.com.
