

## Polymer Factory authorize distributor in China

**Polymer Factory Sweden AB (publ) today announces that the Company has engaged a distributor for resale of its products on the Chinese market.**

Polymer Factory has authorized Biohub International Trade Co. Ltd. (Biohub) to resell its products to the Chinese market on a non-exclusive basis. The authorization was made on 8 April 2022 and is valid for one (1) year. No financial commitment has been made.

**CEO Elin Mignérus comments:**

“We are happy to engage Biohub as a distributor to increase our exposure to the Chinese market, being the second largest economy in the world. Polymer Factory continuously evaluate new sales channels and distribution opportunities to open new markets that can support the Company’s growth. The Chines market is very attractive, and we are excited to work together with Biohub to make this a growing market for Polymer Factory.”

Polymer Factory (publ) is a leading global provider and producer of dendritic materials, with customers ranging from Big Pharma, MedTech and BioTech companies, to research-intensive institutes and academic research groups. The Company's dendritic materials act as smart delivery systems that enhance the effects of the substances they carry, e.g., a vaccine or an anticancer drug. They have also shown great promise in diagnostics, tissue engineering and in the development of vaccines. In addition, Polymer Factory has used the Company's vast knowledge and expertise to develop a patented calibration technology, named SpheriCal®, designed for Mass Spectrometry instruments. The Company's dendritic nanotechnologies have the potential to accelerate innovation in technologically demanding sectors, such as MedTech and BioTech.
