

# MilDef wins order in Sweden worth 23.5 MSEK

**MilDef Group AB has won an integration order in Sweden through its subsidiary Defcon Solutions AB. Through deliveries of complete IT systems for education and training to the Swedish Armed Forces, MilDef continues to contribute to digitalization and modernization.**

Defcon has been awarded the contract as part of an existing framework agreement and will deliver a large number of training systems to the Swedish Armed Forces during next year. The project includes integration services where IT equipment is mounted and connected to turnkey systems used for training purposes. The order value is 23.5 MSEK and delivery is planned for 2022.

*"We are proud of the trust from FMV and the Swedish Armed Forces and look forward to delivering this integration project", says Rainer Korhonen, Managing Director in Defcon.*

*"MilDef's strategy is to deliver a complete spectrum of tactical IT in Sweden", says Björn Karlsson, CEO MilDef Group AB. "Our ability to deliver a combination of hardware, software, and services create end-user effect with reduced lead times."*
