MilDef wins orders for the Swedish Defense Materiel Administration worth 45 MSEK

MilDef has signed a number of new contracts with FMV for ruggedized IT equipment for the Swedish Armed Forces. These include products such as computers, laptops and network equipment. The value of the deliveries, taking place in 2024, amounts to a total of SEK 45 million.

The Swedish Defence Materiel Administration (FMV) procures, develops and delivers equipment and services to the Swedish armed forces. MilDef has collaborated with FMV since 1997 on tactical IT. The latest orders will provide the Swedish Armed Forces with essential parts of the digital infrastructure and include MilDef's manufactured equipment such as computers and switches.

"We are proud to be part of the modernization of the Swedish Armed Forces. The orders, which are part of our comprehensive framework agreement with FMV, confirm the confidence the Swedish Armed Forces have in MilDef and what we can deliver," says Daniel Ljunggren, President and CEO MilDef.

The information was submitted for publication, through the agency of the contact persons set out below, at 13:30 CET on December 19, 2023.
