# MilDef subsidiary roda signs contract with German cyber security company secunet

**Roda computer, subsidiary of MilDef, has signed a contract on deliveries of rugged IT equipment to secunet, Germany's leading cybersecurity company. The deliveries will take place in 2026.**

Roda, part of MilDef Group since the acquisition of roda computers GmbH in March 2025, has now signed a pivotal contract extension for rugged laptops to secunet. secunet Security Networks AG specializes in highly secure IT security, particularly in the areas of public administration, defence, healthcare and sectors with elevated security and compliance requirements.

*"This is a very encouraging start to the MilDef and roda journey and we are proud to grow and deepen our collaboration with secunet. Our deliveries are vital components in their mission critical platforms and showcase a true partnership and level of data driven defense capabilities," says Daniel Ljunggren, President and CEO MilDef Group.*

secunet COO Torsten Henn adds:

*"We are delighted that this order marks the start of many more joint projects under MilDef. Roda's robust IT hardware is a reliable component for our highly secure SINA workstations for extreme conditions."*

The order value is not material and may not be disclosed according to the customer.

*The information was submitted for publication, through the agency of the contact persons set out below, at 09:00 CEST on August, 5, 2025.*
